Dear Mr. Brauner:

We were indeed glad to get your letter stating that you heard WACL on Sunday Sept. 30. I want to verify your report of the broadcasting as you listed in your letter.

We are a new station and just went on the air on June 21, for the first time. We are a 1000 watt station and as you already know we are on 570 kc. We go on the air at 5:00 AM and as yet we are just a daylight hour station.

I want to thank you again for letting us hear from you as we wish to keep such letters as yours on file. If in the future you should hear us again let us know.

Sincerely yours,

Becky Bellamy
