ROBERT N. PINKERTON, PRESIDENT

19 November, 1955

Mr. J. W. Brauner
P. O. Box 22
Valier, Pennsylvania

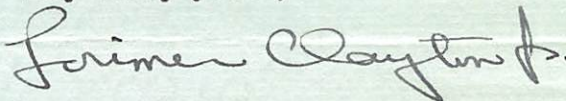

Dear Mr. Brauner:

Thank you for your report of reception of WBGE's final DX Test Broadcast, conducted 7 November 1955 for the National Radio Club. Most DX'ers reported heavy QRM, as you did. That east coast station was WMID, Atlantic City. The other competition was from CJOB.

You should be able to log WAKE readily, since they plan all-night operation. If you should want verification, their Chief Engineer will be Mr. Charles Hoge. I think they will be on the air 21 November. WBGE closed down 15 November after more than eight years of broadcasting.

The WBGE staff and management may soon turn up again in Decatur, Georgia. We look forward -- if and when -- to conducting an NRC test from the new station.

Very truly yours,

Lorimer Clayton, Jr.
Chief Engineer
