R. B. Taber, Gen. Mgr.

COVINGTON, GEORGIA

February 6, 1954

Mr. J. W. Brauner
23 Howard Avenue
Williamsville, 21, New York

Dear J. W.:

Thank you very much for your letter reporting reception of WGFS on Friday, January 22nd, 1954. I am, of course, happy to verify your report of reception.

We are glad to have you go to all the trouble of trying to pull WGFS out of all the interference on 1430. It sounds like you must have had a verification from WMOC here in Covington while they were on 250Watts on the 1490 spot. They went 1 KW and busted and we opened here on the 27th of December, 1953, with a new company and staff, of course.

Didn't I verify a report for you when I was the Chief Engineer at WPID in Piedmont, Alabama (1280)? The name sounds familiar anyhow.

Thanks again for your letter and the best to you in DX-ing.

Sincerely,

Ham Masters

Hamilton Masters
Chief Engineer
