J. W. Brauner,  
17 East Spring Street,  
Williamsville, N. Y.,  
Dear Mr. Brauner

I have before me at this time your letter of September 30, 1934 giving this station a very complete and highly appreciated report of our test program that was broadcast on the morning of September 30th. You also mention having mailed us previous reports which we have failed to answer. We have to date been failed to answer any dx letters as we have been extremely busy in reorganizing the station and getting in to shape to really properly operate the station. We have quite a bit of difficulty with our transmitter since moving it from Americus, Ga., the first of the year and have just completed a rebuilding of the entire station while at the same time keeping it on the air. With a staff of only five members you perhaps can realize some of the difficulties that we have had. You will in all possibility receive several verifications from us if you have written us several times.

This will verify your reception of our station WGPC "Worlds Greatest Pecan Center" located at

"The Voice of Southwest Georgia"
