Dear Friend Brauner:-

I'm not going to take up a lot of your time but I do want to thank you for your kindness in the matter about the publicity of WTFI.

Of course you probably know about the Transcontinental DX Club's party for October 15th. We have been given the hour from 3 to 4 AM EST and no doubt you will be with us at least I hope you will because I am going to at least send you greetings.

I am sorry that you are not going in "strong" for DX this year but sincerely believe that you can't afford to stay away when the "good" nites begin to roll around. You'll be with us just as usual, Ha! Ha!

Here's one of my cards for your collection and you can assure all your members that they will receive their verifications from now on. By the way I guess you saw our application for change of address to Greenville and all new equipment with change of frequency. Maybe we'll get it and maybe we won't but anyway the application is in.

Best of '73's.
