Dear D X Fan:

This is a verification of your reception report sent to us during our testing period.

Thanking you for the report and stating that I am well pleased with our coverage, both with our ground wave and our skips. In case you are interested, we received reports from 26 states, from all corners of the United States: Washington, Texas, Louisiana, Florida, New York etc., and Ontario, Canada.

We are using Raytheon equipment with  $\frac{1}{2}$  wave-200' wincharger tower with a power of 1000 watts on 1430 kc, daytime license.

Sincerely,

*Doyle D. Kelso*
