Dear Sir:

This will verify your reception of KBUR on March 5 following the local explosion at the Iowa Ordnance Plant.

Yours is the second received to date from your section of the east--reports having been received from New York to California, although our broadcast was not intended as a DX program but merely as public service.

Thank you for your report and your comments concerning WJBK, for they invariably are the chief cause of interference on our channel.

Sincerely yours,

*W. A. Wilson*
