Williamsville 21, New York

Dear Sir:

In regard to your letter date May 10, 1947, I am acknowledging your reception report.

We went on the air March 13, 1947, and since then have received many nice reception reports from DX-ers from all over the country. Most of them like yourself receive our "Moonlight Serenade" Program, which airs from 12:00 to 2:00 am CST.

We have a Raytheon Xmitter 1 KW RA 1000 and feed a four tower directional array day and night.

Thanking you very sincerely for the nice report and the interest you have shown in our station.

I am,  
*Bob Brown*

Chief Engineer

PRESIDENT  
GEORGE O'DEA

VICE PRESIDENT-GENERAL MANAGER  
SIDNEY J. PEARLMAN

SECRETARY-TREASURER
