Dear Mr. Brauner:

Thank you very much for your letter of February eighth. We were very pleased to hear that you had received our tone modulation on one of our scheduled frequency checks. Our regularly scheduled frequency checks are on the second and fourth Monday mornings of each month between 12:05 and 12:50 AM CST, but this week the check was held on Sunday morning. We check with Commercial Radio Monitoring from Kansas City at that time.

We are enclosing a schedule of our programs for this week.

Yours sincerely,

C. Francis Barker
