Dear Friend,

Thank you very much for the report on KDEC, Yes we use the term "Radio Park" And also we were on the air friday morning June 18th But the time must have been 3:29a.m. instead of 2:29 CST as that is the time of our monthly frequency check.

I'm glad to hear that we got out to the east anyway, as we were not heard in Kansas City where our frequency measurement is taken. Our regular freq Check sked is the second friday of each month at 3:15 A.M. CST. Our operating hours are from 6:00A.M. to 12:00 Midnight. Also June 18 was not our regularly scheduled date for our check as we overslept Hi, on June 11.

Thanks Agn.
