Pray Without Ceasing!

Boone, Iowa

Donald and I never have any trouble remembering ages because he is just one-third as old as I - namely, 13. He is about as tall as I, weighs about the same, and is decidedly blond. Donald is our versatile musician and a charming giggler! If the radio audience doesn't appreciate our jokes at least Donald does!

I forgot to say that Opal is the soloist.

And now you are all worrying about the fact that the operator is a lady, and I am worrying too! It's an awful task to try to make harmony out of yourself when you're both a radio operator and a woman - and the fact is I'm not much as a radio operator! We needed an operator for our station and to help along the good cause of The Boone Biblical College and Associated Institutions I began to study radio; finally I acquired a Broadcast License. I am not mechanically minded and I don't have the "itch to tear up transmitters" which most of the men operators seem to have. My attitude is much the same as that of women car drivers - if the thing goes well and good; if not, call somebody! At present our "rescue" men are Paul Huntsinger and John Lewis of WOI, at Ames, Iowa, located fifteen miles east of Boone. James Hall who has been here for the last two months is a great help and has saved me some frantic long-distancing to WOI.

Some time the DX Program folks will have a kodak picture to send to our friends - if you would like to have one.

We will have some reports of our DX Programs in the monthly paper published here, "Times of Refreshing", and we'll be glad to send free copies to any who wish them.

I hope I haven't written too much. With thanks for your interest,

Most sincerely yours,

Lois Crawford
