RADIO STATION K.F.J.Y. FORT DODGE IOWA.

January 25 1932.

Dear Mr. Brauner:

I am very glad to be able to verify your reception of KFJY while running a test program the morning of January 23 1932.

I wish to thank you for your very complete report on this reception. You must have had a terrible time receiving us through all the QRM. We were running this program for a test on our frequency by the inspectors office. They were unable to to take a check on us due to the QRM on that frequency.

I hope that we may hear from you any time in the future that you may pick us up.

I am, with 73 and lots of wishes for lots of DX

Sincerely,

W. G. Davis
