

# KOUR

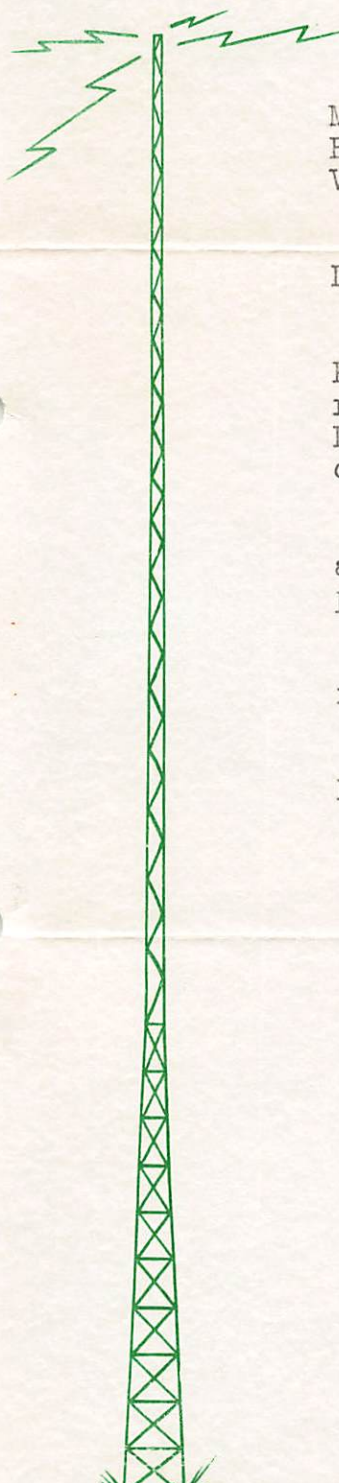

SERVING NORTHEASTERN IOWA

FROM

INDEPENDENCE, IOWA

207-209 FIRST STREET, EAST

Jan 8 1960

Mr. J.W. Brauner  
Box 22  
Valier, Penn.

Dear Mr Brauner:

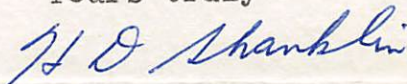

Thank you for your report on our new station KOUR at Independence Iowa. We are operating on regular programming which began at 8:38 am on Dec 10 1959 with a power of 250 watts on a freq of 1220 kc.

You were correct on hearing various frequencies as we were in the process of running our audio proof.

The ant height is 202 ft and the equipment is Collins through out.

Many thanks for the nice letter and good DX ing.

Yours truly

H.D. Shanklin C.E.
