Dear Mr. Brauner:

This is to verify your reception of Station KSMN on February 19th. We regret your first letter was not answered, but we received several hundred letters from all parts of the United States and Canada and time has not permitted us to get replies out to all of them as yet.

We are operating daytimes with 1000 watts on 1010 kc., using a 235 foot tower, Wincharger 150A, and a Raytheon transmitter RA1000.

Thank you for your reception report.

Yours truly,

MOHAWK BROADCASTING COMPANY
