Dear Radio Friends

I heard your special program  
this morning tuning in at  
3:43 EST. As the announcer was  
saying "It's still WHO Des Moines  
with a little whoopie party, not so  
much whoopie Not to many telegrams  
but were waiting and hoping"  
Please send me a card or  
letter that will verify my  
reception I have your ekps stamp  
but our club does not except  
stamps as proof You know the  
was one of the poorest a.m.s for 29 X  
I've met in a long time Static  
was not bad but signals just would  
not come thru. You faded out  
entirely at times. Weather seemed  
ideal, cool and clear. but I've  
had you better evenings when it  
was still daylight in Iowa and  
warmer here than now. Perhaps  
that's how come the lack of tele-  
grams. I have no facilities here for  
sending one. Best wishes

Very sincerely Yours

Joseph Brauner
