

November 29, 1930.

Dear Mr. Brauner:

I certainly was pleased to hear from you again, and to know that you picked up our test program on the morning of Sunday, November 23.

Your quite regular, and complete reports are appreciated more than I can express; however, you are a radio man, and you can comprehend how much these detailed reports mean to us, and especially, coming as they do from a man who knows what he is talking about.

I wish you, and The Old-Timers Club lots of success, and if I can assist you or do you a favor, feel free to call on me.

Yours very truly,
Radio Station WIAS
