Dear Radio Friend:

Thanks for your letter! Pardon our delay. Your check was correct and this letter is your verification.

In answer to your question as to whether another station on 1250 kc rebroadcasted our program, must say NO.

Tune in Saturday nights on the "Idaho Spuds'" mid-night Frolic and have a good time. You'll like it. We go on at 12:00 P.M. Mountain Time and continue until the crowd goes home...in the mornin'.

Wish you would tell your radio friends about getting Boise, Idaho, on your dial, and tell them that we should like to add their names to our list of DX listeners. Best wishes!

Broadcastingly yours,

RADIO STATION, K I D O
