Mr. Joseph Brauner,
Williamsville, N.Y.,
Dear Sir:

Your letter of the 23rd. inst. came today. Thank you very much for advising us of being able to get us.

You are correct about the program you tuned into. The instrument you heard was undoubtedly the harp. The program consisted of harp, piano, and vocal numbers.

We have heard from other sources that the station you mentioned does interfere with us due to having the same wave length and power. We hope that at some other time you will be able to get us without that trouble.

We have run out of a supply of echo stamps but trust that this letter will suffice as verification of your reception of this stations' program.

Again thanking you and hoping you will endeavor to get us again as we expect to have some very good programs over this new station, I am,

Very truly yours

Manager
