HILL ARCADE  
GALESBURG, ILLINOIS  
June 3, 1938.

Mr. J. W. Brauner,  
17 East Spring Street,  
Williamsville, New York.

Dear Sir:

Received your verification of June 2 and we are acknowledging this at this time.

Our equipment here consists of RCA all the way through from speech input to transmitter. We are using a quarter wave guyed vertical antenna which is located on the top of the Hill Arcade building here in Galesburg.

We will continue to conduct equipment tests for the next few days and are planning our grand opening June the 12th. We would appreciate your notifying members of your DX club that we are conducting these tests between the hours of one and 6 A. M., central standard time. We will be glad to answer any verifications sent to us on these tests.

Yours sincerely,

WGIL
