DANVILLE, ILLINOIS

Dec. 1, 1953

Mr. J. W. Brauner  
23 Howard Avenue  
Williamsville 21, N.Y.

Dear Mr. Brauner:

This is to verify your reception of this station on November 21st, 2:00 AM, CST.

On the above date, we were conducting equipment tests, prior to going on the air, November 24, 1953. At the present time, we have no plans for early morning test periods. However, after we are on the air long enough, get settled down, we are considering same.

Thank you for your letter. It is very encouraging to know we are getting our signal out so far. At that time we were operating on non-directional antennae. Now we are beamed primarily north with directional.

Thank you for sending your report.

Yours very truly

  
Jack Brookbank  
Chief Engineer (W9LSX)  
4F9LSX
