Dear Sir;

This is to verify and thank you for your report of our frequency check broadcast of April 18, 1942. As much as you heard was correct. Freq schedule was "third Saturday of each month" but may be discontinued for a nearby daytime freq check because of QRM on our nite sked.

Sorry our reply is late, but this correspondence is not done by the stenographer, and due to a long work week, seems to get set aside for a rainy day in a prolonged dry spell.

Yours very truly,
