Mr. J. W. Brauner  
23 Howard Ave.  
Williamsville 21, New York

Dear Mr. Brauner:

We were checking through our files the other day and came upon your letter requesting a report on your report of reception of our station.

Evidently your first report was lost because we verified over 200 reports when we first went on the air. We were ~~texting~~ on January 6th as you reported. We officially took the air on Feb. 4th.

In June we went on the air with 9.1 kw. on FM, at the 99.9 mc. spot. We have had reports on FM reception as far away as 500 miles which is very freakish.

We thank you very much for your report and we hope this will make up for the mixup and delay.

Yours very truly,

*T. F. Payton*
