Williamsville 21, New York

Dear Mr. Brauner:

This will acknowledge the fact that you received our signal at your location on Tuesday morning, October 26th at 3:45 a.m. CST.

WOPA was performing proof of performance test on our A.M. equipment and gave a station break at that time.

As a general rule any testing performed is done on our Dummy antenna.

However on the night of November 2nd and morning of November 3rd we will be on the air with election returns.

Thank you for letting us know our signal can travel.

Yours Sincerely,

Sidney Schneider
Chief Engineer
