Dear Mr. Brauner,

Dec. 10, '52

I have here your letter of Oct. 17th & reception report. I'm well behind in answering mail but I'm making a determined effort.

Your report was a little meagre, but then you have difficulties due to that local station. But your items were correct and sufficient to satisfy me.

Consider this letter as a verification of your reception report of this station. Your other info was very interesting.

Enjoyed your letter a lot.

Happy Holidays & 73's.
