Nov. 12, 1938.

Mr. J.W.Brauner,  
Williamsville, N.Y.

Dear Sir,

Thank you kindly for your interesting report on the programs of WIBC. It is especially interesting to us because of your reception of regular day-time programs, rather than night-time tests.

Your program logging is quite accurate and I am very happy to be able to verify your reception.

We will be grateful to you for future reports, and again I want to thank you for your interest.

Sincerely yours,

*Harry E. Adams*  
Chief Eng.
