Dear Mr Brauner:

Your letter received and I am very glad to hear from you and get such a good report regarding our 250 watt station.

A check with our station log and enginners log indicates that you heard WJVA and the report is correct.

We are happy to know that the power is getting out so good. I have a special ground system here and that may be due to the large coverage that we have. We are heard 50 miles away during the day time in any direction.

I thank you again and I am sorry I did not get your last letter answered sooner.

Very truly yours,

St Joseph Valley Broadcasting Corporation,

F. J. Bock
