From: Sorry you couldn't pick up our DX test. We had excellent results.

We had several reports from New York, Texas, one from Tampa Fla, and one from PALM BEACH CALF. even had two from Ontario. All in all, we have had about 35 letters.

Also sorry we didn't get your letter answered sooner but we have had one boy off two weeks with the mumps and were still about a week behind. That's why I'm helping the Boss type these reports. Thank you much for the letter.

Carl O. Lucas
