J. W. Brauner  
23 Howard Ave.  
Williamsville 21, N. Y.

Dear Mr. Brauner:

Thank you very much for your letter reporting on the signal strength of WLRP during the equipment tests.

I apologize for the delay in answering your letter. I have been fully engaged in handling opening activities for the station. WLRP went on regular broadcast schedule June 2.

I must say that I am gratified by the reports received on WLRP's signal strength. They came in from all over the country. Our equipment is new, and great care was taken in its installation. For that reason, it seems to carry well.

This is to confirm the log reading of your letter. It conforms with our log.

Again, many, many thanks to you for the reading on WLRP's equipment strength.

Sincerely,

*R. B. Parmenter*
