Williamsville 21, New York.

Dear Mr. Branuner;

This will confirm receipt of your letter dated Feb. 6, 1951 and to inform you that from the report you give that you were indeed hearing WCTT in Corbin, Ky. The Programs you heard were the Farm Market Report 6:25-6:30 and the Early morning news 6:30-6:35 both daily programs. Since I am the engineer on duty at that time it was my voice that you heard.

Regarding our new facilities we hope to be at the testing stage by May first but with material shortages what they are it may take a little longer than that.

You should be proud of your McMurdo Silver. If my memory serves me right this is a rather old set but of a quality not found in modern equipment.

Thank you for your letter I hope that this is the information that you wanted.

Yours truly,
Boh.
C.R. Austin
Asst. Chief Engineer
Radio Station WCTT
