Dear Mr. Brauner,

Thank you very much for your reception report on our recent test transmission. The General Manager was very enthusiastic about the test and will hold another one next year. So far, we've had calls or reports from Ron Musco in Conn., Tom Williamson in Guelph, Ont., someone in Omaha, Skip Dabelstein in Kansas, several in Michigan, and many more locally.

I am very happy to verify your reception of WKXO, 1500 kHz., 250 Watts ND [143 foot antenna] from 12:35 to 12:45 a.m. E.S.T. on February 14, 1977.

Again, many thanks for the report and for staying up to listen for us.

Vy 73,

Chris Bobbitt
