P.O. Box 22  
Valier, Pa .

Hi J.W.  
Was sure glad to hear from you. Thanks for the info.

I do verify the program I sent, did contain material  
stated in your report.

The reason my tone was not very strong was because  
I was just modulating about 20 percent.

I do not have A regular time for my testing, just  
when needed.

Yours truly

*Wayne Sims*
