SOUTH ARK., WEST MISS.

Morehouse Broadcasting Company

Bastrop, Louisiana

250 WATTS

730 KILOCYCLES

March 29, 1948

J. W. Brauner
23 Howard Ave
Williamsville 21, N. Y.

Dear Sir:

This will serve as a verification of your reception report of this station, 1:25 - 1:45 A. M. CST, January 20, 1948. Very sorry that this wasn't sent out earlier, but we didn't have too much time and have been getting out the reports a few each week and have just come to yours.

Your report was very thorough and correct. We are glad to get these reception reports and by next week should be able to answer each one that comes in the day it is received.

Studios are located in the center of Bastrop and the Transmitter is 2.5 miles Northwest of town. Equipment consists mainly of Gates units. Tower is 285 ft. guyed.

I hope that you may be able to hear KTRY again, but I'm sure CKAC will still be on for the 24 hours.

Thank you for your fine report.

Sincerely,

S. E. Eckhardt
S. E. Eckhardt,
Chief Engineer
