Dear Mr. Brauner:

We are very glad to send to you an EKKO stamp confirming reception of the program from Station WBSO.

We wish to thank you very much for reporting reception of our station's test program.

According to the selections which you heard and the time of reception, we believe it was Station WBSO to which you were listening.

We shall be glad in the future to hear from you concerning our station inasmuch as we are just beginning to use the new transmitter. If you have any requests to make as to selections to be played, we shall be only too glad to receive them.

Cordially yours,

Station WBSO
