Dear Mr. Brauner:

Thank you very much for your reception report of September 5th.

There is, of course, no doubt that you have been regularly receiving Station WHAI at the start of its daily transmission. We are surprised that the Station is apparently getting out as far as Buffalo during the early morning hours. Normally with our power, such coverage would not be expected.

We will be pleased to receive any further reports which you may be in a position to make and which you feel would be of interest to us.

Very truly yours,
