Mr. Joseph Branner
17 Spring Street
Williamsville, New York.

Dear Mr. Branner:

We thank you for your letter regarding your broadcast of last Saturday-Sunday.

We wish to say that our power is fifty watts, and a number of the Radio Logs have not stated it as such. (Up to December 20th., 1927, we used 5 watts).

Enclosed please find one ekko stamp, together with our broadcast schedule.

Very truly yours,

W L E X

by Ralph Woodworth, Jr., Cor. Sec'y.
