Dear Mr. Brauner:

It gives me great pleasure to verify your reception of this Station's broadcast of February 16th, which you were so kind to report. We have checked our program log and find your report correct.

We appreciate the interest you have shown far more than you can realize because reports such as yours give us considerable information in regard to our signal quality, signal strength and coverage.

As Old Man Summer with his usual static is approaching, we will not hold any more DX programs until the fall but hope to hear from you again at that time.

Very truly yours,

A. V. Tidmore
