March 23, 1960

Dear Mr. Brauner:

I want to thank you for your very nice letter of Feb. 15, 1960 and I apologize for being so long in answering it. I am chief engineer for Town and Country Network and we have several other radio stations around the country, so I am in and out and here and there, that is my only excuse for being so long in sending this reply to your letter.

I do want to confirm your DX report of our station WQMR on Feb. 15, 1960, and say that the information in your letter matches our program log of that date. We changed call letters from WGAY to WQMR on Feb. 1, 1960. We now use WGAY as the call letters for our FM station at 99.5 MC on the FM dial.

Thanks again for the nice report and hope to hear from you again sometime.

Very truly yours:

Jim Petty  
Chief Engineer
