Dear Mr. Brauner,

Thank you very much for your letter of Oct 18, telling us of your successfull yet unsuccessfull reception of WTOW. Other members of your club have written us telling of the interference by XERF, but since we will be a daytime station, we are not too concerned, though we are somewhat annoyed. Anyway I wish to verify your report, for it is correct.

As yet we are not on the air, but expect to start operations tomorrow Oct 27. So thank you for your best wishes, and again thanks for your letter.

Yours truely

Sam Hecker
