Dear Mr. Brauner:

We are please to verify your report of the reception of WOAP on April 12, 1948.

The broadcast that you heard was not the opening broadcast of WOAP, but it was the first broadcast of WOAP-FM which was carried on both AM and FM.

WOAP signed off at 7:15 which accounts for your losing the signal.

We are glad to recieve your report of reception, and will appreciate having other reports if you should happen to pick us up again.

Very truly yours,

*M. H. Wirth*
