Dear Mr. Brauner:

We were pleased to receive your letter of January 19th regarding your reception of our station.

Your report is correct. I had the carrier on and off intermittently for several hours early that morning and made the station announcement as you copied it, using an ordinary telephone hand set for a mike. I am surprised at the fidelity you report. Our studios are located in the city so we have no program equipment at the transmitter.

Thank you for your letter.

Very truly yours,
