Dear Sir,

I am very happy to verify your reception of our signals
at 2:15Am, April 18, 1948.

We have had exceptionally fine cooperation from the DX clubs
and private listeners in the opening of this station. Without
these reports it would be very difficult to get a new station
tuned properly.

For your information we are using a Raytheon transmitter
operating 1000 watts at 1050 Kc.

Good listening,

William J. Kiewel
Chief Eng. KROX
