Williamsville, N.Y.

Dear Sir:

We are in receipt of your letter of July 17th in regard to the receiving of our test program broadcast July 17th from 1:00 to 3:30 AM, central standard time.

Your proof of reception was very good. We soon will have our new 2500 watt generator installed and will broadcast with more power, when of course you will be able to receive us much better. We have just completed our new transmitter, so will be on the air quite frequently with test programs.

Hoping to hear from you again, we remain,

Yours very truly,

Radio Station WDGY.
