Mr. J. W. Brauner
P. O. Box 22
Valier, Pa.

Dear Mr. Brauner:

In answer to your letter of September 25, 1955, evidently you received the K B I A official sign off, i.e. weather, wishes of entire staff etc., and the Missouri Waltz. However, we do log a 6:00 news cast in September, but it has never been sponsored by an optical firm. Could you perhaps have been receiving two stations at the same time?

Our call letters were changed in April of '55 at the request of the F. C. C. from KCMU TO KBIA. Your letter seemed to relay some surprise at the change, and thought I would just try to clarify it in case you were wondering about the difference.

Thank you for your interest in KBIA. We wish you continued success in your receiving.

Yours truly,

Robert D. Rapp
