Dear Sir:

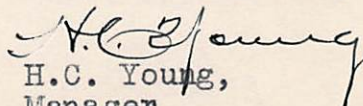

This will acknowledge receipt of your kind communication wherein you reported having heard a test broadcast of this station on July 3rd on 1400 k.c.

The numbers you submitted for verification were checked with our program log and found to be correct. We appreciate your comments on our behalf and clear signal for the duration of the test.

This is, as you have no doubt surmised, a new station that has not as yet taken the air for full time broadcasting. In view of this fact, we have not obtained any verification cards for your files, but assure you that as soon as these come to us from the printer we will further reply by sending one of the cards to you.

Again thanking you for your kindness and the trouble you went to in our behalf, we remain,

Very truly yours,

H.C. Young,
Manager
