Dear Mr. Brauner,

This will verify your reception of KTCB's  
Freq. test of Tues, Dec. 28, 1954. Freq. tests  
are run every other Tuesday from 5:25 to 5:40 AM CST.  
They consist of 1000  $\nu$  tone & voice I.D.

I was thru Buffalo once so I know  
& can appreciate how far our signal penetrates. Used  
to live at Ashtabula, Ohio. Perhaps you know  
where that is.

Thank you for your report and here's  
hoping you have a Happy New Year.

Cordially,  
Mack Howerton
