Mr. J. W. Brauner,  
17 E. Spring St.,  
Williamsville, N. Y.

Dear Mr. Brauner:

Thank you for your letter of September 10, 1933. It is gratifying to know that WHB is being received as far away as your city.

We are returning your ten cents for an EKKO stamp, as we are out of the stamps. However, we are enclosing a verification card.

We hope that you continue to receive WHB. Our daytime broadcast, from dawn to dusk, is on 860 kilocycles, and a special test program is broadcast every night from 12 to 1 o'clock, Central Standard Time, on 1120 kilocycles.

Thank you again for your letter.

Very truly yours,

WHB BROADCASTING COMPANY
