October 16th, 1929

Mr. J. W. Brauner
Williamsville, N.Y.

Dear Mr. Brauner,

First of all I wish to apologize for all this delay in acknowledging receipt of your very fine letter. There is absolutely no real good excuse for such a long delay even though I have been very busy with my oil business and the work in getting the new station in proper trim.

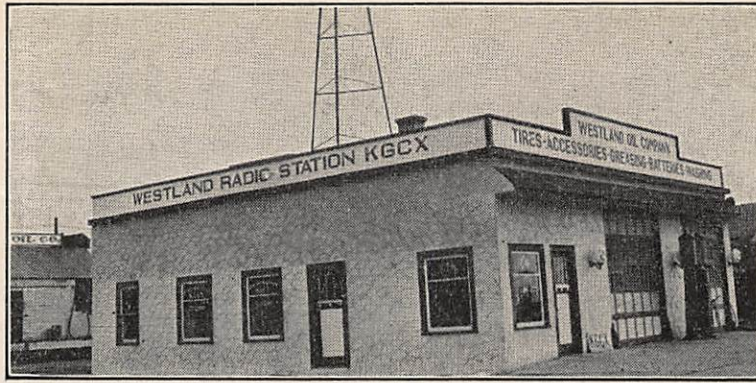

Your letter was as much a surprize to us as the reception was to you. I might state that when we first went on with our programs on Wednesday nights from ten to twelve mountain standard time we had letters from all along the Pacific coast. Your letter was verification of the farthest point we have reached. It was a great pleasure to hear from you we assure you. The orchestra was Winn Brothers orchestra, you mentioned it was named after two brothers.

We do not have the ekko stamps so am returning to you the ten cents. Sorry indeed we have none. Just cut out the picture above and stick it in your album. We may get some later at which time we will be glad to send you one.

Again thanking you for your kind letter and regretting

the fact that we did not get a reply to you sooner, we
are

Very truly yours,

We are on now only on Wednesday nights between 6:30 and 8:30
Mt. St. time. We will go on Wednesday nights (first in each
month) at midnight our time. Tune in at that time if not too
late.
