Dear Sir:-

We have received your letter dated July 14th by which we are pleased to note that on the 13th of July you heard our program and take pleasure in verifying your statement by means of this letter.

It is remarkable that you have heard our concert at this distance and this time of the year on account of static although in the winter time we have been heard as far as distant points in Canada.

We regret to advise that we do not have any stamps but we hope that this letter will suffice.

We are on the air every night except Sundays between 8 and 10 or 11 p.m. C.S.T. and will be glad to receive any further communications from you regarding our programs.

Yours very truly,
