Dear Mr. Brauner,

Received your letter of the 17th of Jan. and this is the first chance I've had to answer it. I'm sorry that you never got an answer to your original DX report. It was either lost in the mails or around here during the first few days on the air.

I've checked your duplicate copy of the report and found it to be OK. This letter will verify the fact that you heard WELS on the morning of Sept. 19, 1950 between the hours of 3:59 AM and 4:05 AM.

I'm sorry again for the delay. I assure you it won't happen again, if the fault was ours. As for future reports, we welcome them. I hope that you do continue to send them.

We don't have any set schedule for night tests and stuff of that nature. We just do work of that kind when we think it has to be done or when we feel like staying up a few hours, which isn't very often.

Thanks very much for dropping us a line.

Sincerely,

Al Mian
