Dear Mr. Brauner,

I am happy to verify your reception report of February 16, of this station. Your report matches our logs here, and the engineers name was correct.

Our regular frequency date has been changed from the original date published in the "NEWS" to the first Wednesday of each month from 4:00-4:30 am. I wish you would inform the members of the club of this change.

We are CBS here and have a remarkable signal northward for 250 watts. Hope you can read us again sometime.

Best of luck to you and your DX'ing,...

Sincerely,

Frank Delle
Chief Engineer
